

## A.S.B. Rental Equipment Tuff Trap Directions for Use

1. Remove key and keep in safe place
2. Lift the square lock and lift the door up
3. Set the door **on the pipe** and **in front** of the trigger rod
4. Place bait in the trap at the very back. You want the animal to step on the pan on its way to the bait.
5. Place Tuff Trap in the desired location.
6. Once the animal is caught, reinsert key to ensure safe transport.
7. Do not transport animal in enclosed vehicle.
