

WELCOME

Our County takes pride in our Airport and the essential service it provides. The new 4,332 ft runway can now safely accommodate more planes and larger aircrafts like the Learjet 35A.

The High Prairie Airport not only accommodates residents, business, and visitors but it is often used by Medivac, Alberta Health Services and STARS Air Ambulance.

The Airport is located 3.5 km south of the Town of High Prairie. It is equipped with a pilot's lounge and a 24-hour, self-serve fueling system, which offers AV gas 100LL and Jet A fuels.

The pilots lounge is the perfect place to rest from a long trip. Complete with a kitchen, snacks, refreshments, and comfy couches; if the weather is too bad to fly, pilots can always wait out the storm in the lounge. The fact that the airport is monitored with cameras and employees are on call 24/7 means pilots feel safe too.

Enjoy your stay, and have a safe flight!

For more information regarding the High Prairie Airport please contact our Airport Operator.
